Timpanogos High School Turf Field, Track and Basketball Court Renovations

Timpanogos High School opened its doors nearly 25 years ago in the fall of 1996. After two decades of use and normal wear and tear by both students and the community, we are in the process of a significant upgrade. Thankfully, the Alpine School District is funding (approx. \$1.8 Million) the following:

1. A new turf field which will benefit the football team, the boys and girls soccer teams, the boys and girls lacrosse teams, the marching band, and P.E. classes.
2. A new track that will benefit our cross-country teams, track and field teams, and various other athletic teams, and P.E. classes, as well as the Timpanogos community as a whole.

The Alpine School District has made a significant financial commitment to these new facilities. However, what they fund only includes the basic field and basic track. With just a few additional upgrades, the THS administration, coaches, and athletic leadership team feel that this is our chance to do something special with our facilities. Therefore, this summer we are raising \$40,000 in additional funds to purchase upgrades that will significantly enhance these facilities for the next 15-20 years.

What will the \$40,000 in additional funds purchase?

- a.) The turf field will have a larger T-Wolf logo at midfield and “claw marks” on each of the 25 yard lines. (See attached image.)
- b.) The all-weather track will be gray (Similar to the Rio 2016 Olympics) as opposed to the standard red or black colored tracks. (The gray color lasts longer and decreases the temperature on the track by several degrees, in addition to it matching our school colors.)
- c.) A newly designed basketball/volleyball floor in our main gym will have a large T-Wolf logo at mid-court and two “claw marks” at the $\frac{3}{4}$ court areas on both sides of the court that will reflect our current branding. (See attached image.) This will benefit boys and girls basketball, volleyball, P.E. Classes, other programs that use the gym in inclement weather and will become a centerpiece of our athletic facilities.

Note - The turf field and the basketball court will match one another and will reflect current Timpanogos High School athletic branding.

The student-athletes, coaches, and the community will benefit from these upgrades for many years to come. Please support THS by donating whatever amount you can to help us accomplish our goal of raising the \$40,000 we need to make all of these facility improvements. Below are the instructions to make a donation. By using this link, your donation goes through the Alpine Foundation which will automatically qualify your donation as a tax write-off.

Thank you for your support of THS athletics. If you or someone you know would like to make a donation to Timpanogos High School to help us make these awesome upgrades happen, simply click on the following link:

[Timpanogos High School Athletic Facility Upgrade Donation](#)

Once you click on the link, simply type in the amount that you want to donate.

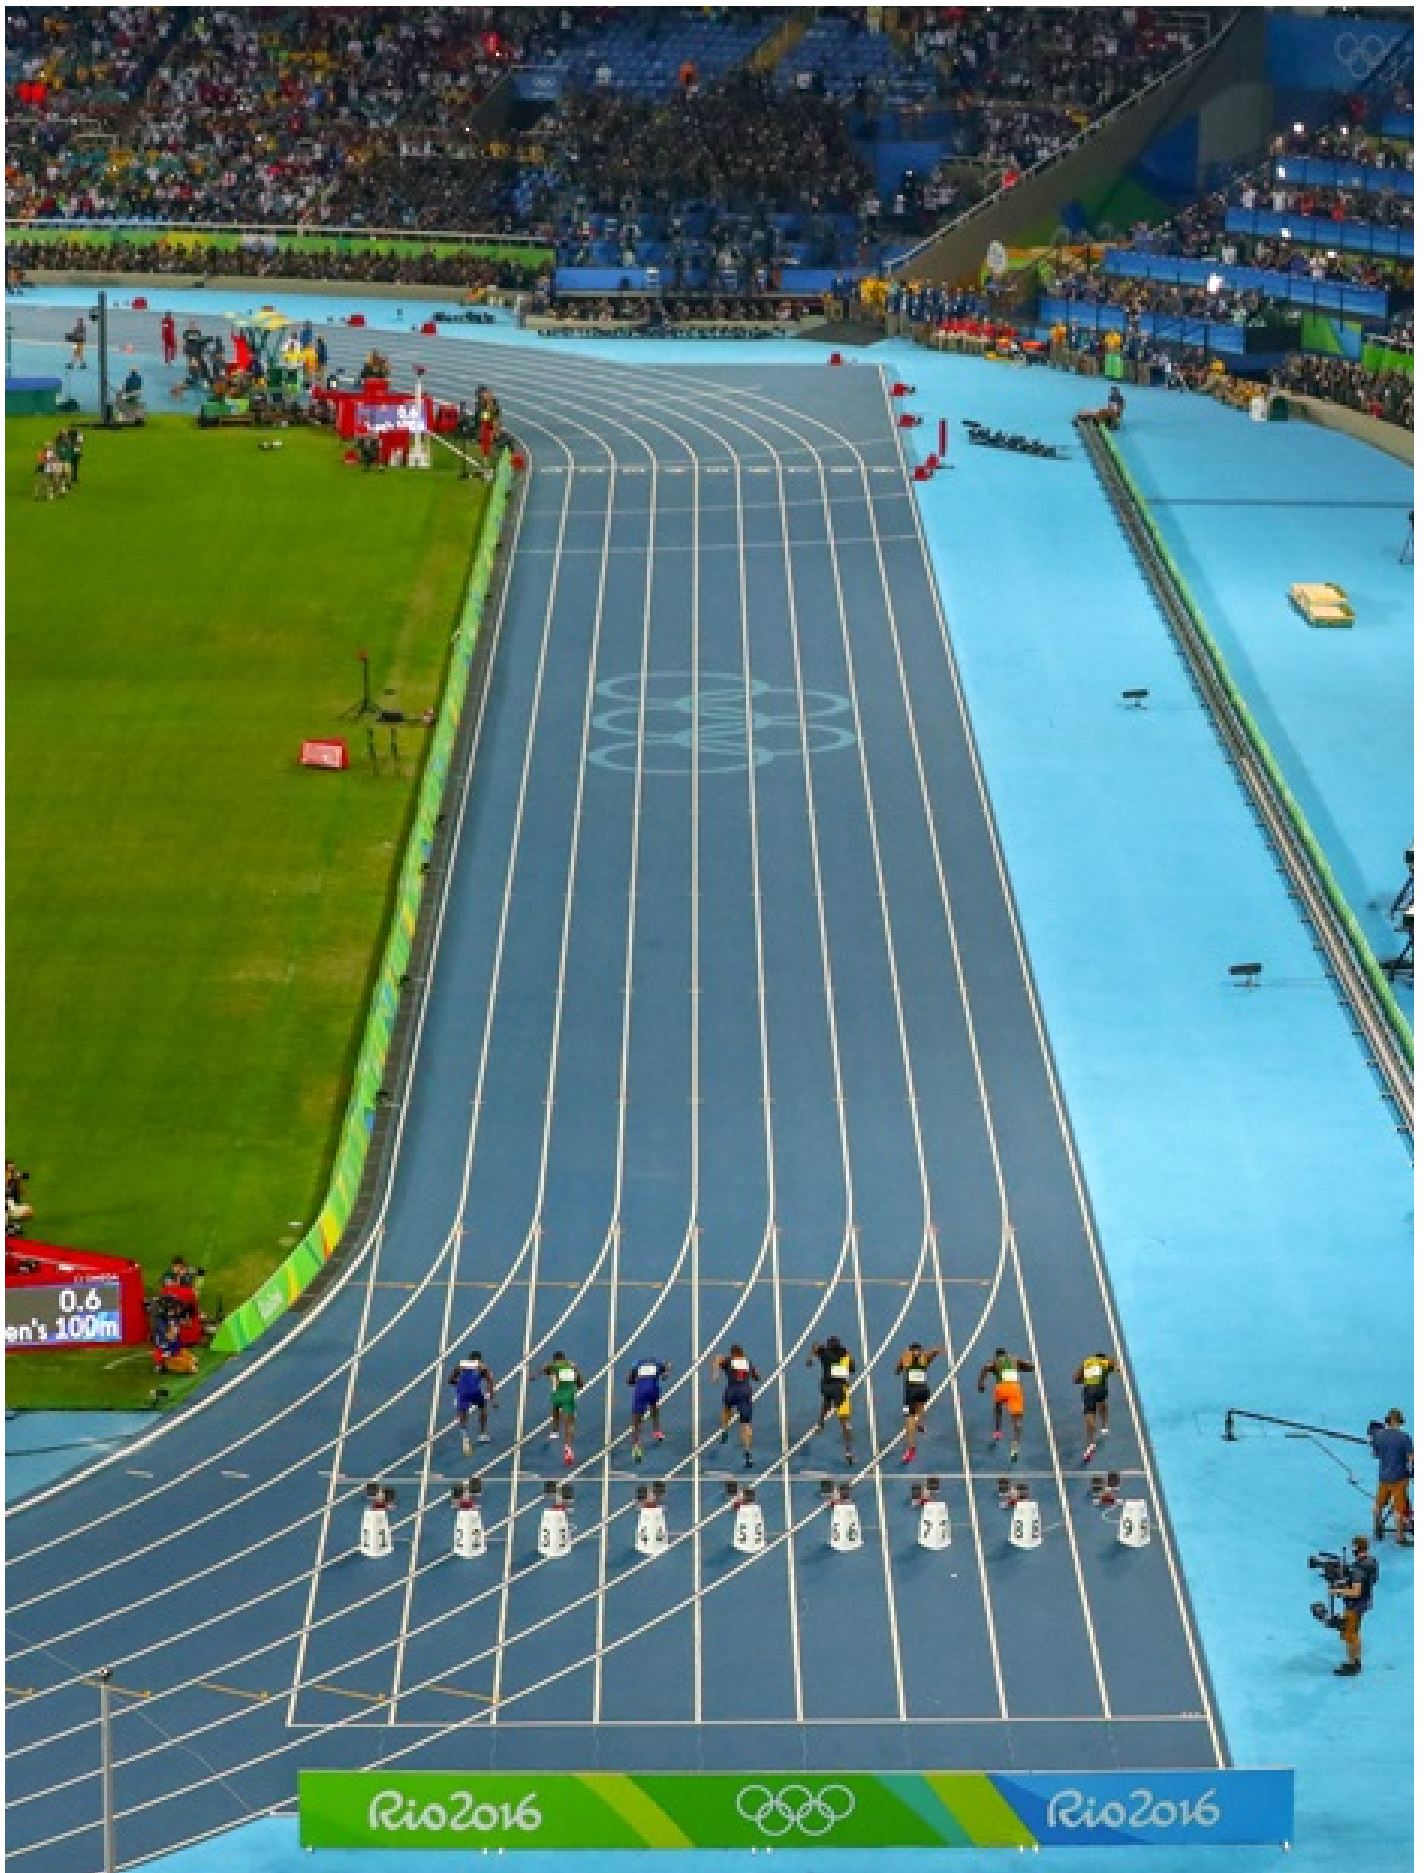

Then, click on **“Add a note”** and type *“Timpanogos High School Athletic Facility Upgrade”*

You will then be able to enter your credit card information or you will be able to use your PayPal account.

On behalf of the THS Students, Athletes, Coaches, and Administration, THANK YOU for your Donation!

“It’s a great day to be a T-Wolf!”
